asking this question
Can nothing be done
for these lads who went out
in this terrible war like men and
have for many months stood
the awful strain could they
not be recalled to finish their
work at school. I received a
photo. He has grown old, yet not
one word of complaint. If only
we could have him transferred
to a Dental corps. I am proud of
him and every man who is doing
his part yet this seems only
fair. This lad of ours has been
wonderfully well cared for. God
is with him. I know He will
continue to care for him.
Forgive me for writing all this

Mrs. Alfred Snell,

358 Wellington Street, West,

Chatham.

Dear Mrs. Snell:

I have sent to Professor Smith the information with regard to the promotion of your son. The third issue of "Varsity" which doubtless is the one you refer to as likely to contain his photograph is not yet out. However, I did not ask for the photograph as the "Varsity" is a separate publication issued by the Students Council. I am informed that they hope to have it ready by February.

I quite realise how anxious you must be to have your son recalled, but it is not in the power of the University to have this effected. Only the medical students of the last two years are returned by the military authorities. Some also of the third year in Medicine have been sent back. Whether he could be transferred to a Dental Corps I do not know. Possibly you might be able to get some information by corresponding with Dean Webster, Secretary of the Royal College of Dental Surgeons, College Street, Toronto. With kind regards, I am,

Yours sincerely,

President.
